Web Development

PROFESSIONAL SUMMARY

A dedicated third-year Computer Science student skilled in web development and application creation using C# and .NET frameworks. Eager to bring technical expertise, creativity, and teamwork to an innovative development environment.

WORK EXPERIENCES

Application Development

- Developed and maintained a robust application using C# and .NET frameworks.
- Implemented data storage and retrieval functionalities with SQL Server.
- Conducted unit testing and debugging to ensure high-quality code.

UX/UI Designer

- Designed intuitive and visually appealing user interfaces for various client projects, ensuring consistency and usability across platforms.
- Worked closely with clients to understand their business goals and user requirements, translating them into effective design solutions.

Web Development

- Designed and developed responsive web pages using HTML, CSS and PHP.
- Ensured cross-browser compatibility and optimized the website for various devices.
- Developed and emailing system using JS and JS smtp libraries.
